SHARED SUCCESS

For us, partnership is more than a word, it's a mindset. A philosophy that guides everything from the way we do business, to the design of our products and services. Partnership connects us to the needs of our partner companies. We share your vision, your concerns. We understand what's important to you and your policyholders. And from this shared perspective, we can deliver consistently innovative equipment breakdown solutions that not only meet your business needs, but help you do business better.

PARTNERSHIP

MEANS TREATING YOUR BUSINESS
LIKE IT'S OUR BUSINESS

Our entire company is empowered to do what's right for our partners. And it begins with extraordinary service. Solutions tailored to your business model. A flexible approach to reinsurance coverage. Quality products and services that are both innovative and cost-effective. We're here for you, with solutions that offer broader and more competitive coverage, foster new business opportunities and improve customer retention. And, because we're a mutual company, we're not driven by the interests of shareholders. We hold a long-term, strategic view of risk with a "big picture" perspective that emphasizes mutual stability and growth.

PARTNERSHIP

MAKES DOING BUSINESS EASIER

We're equipment breakdown experts—right down to the intricate details of claims and underwriting. It's a process we're always looking to make transparent and easy to navigate. That's why we created the MBReOnline partner portal. It's designed to streamline interactions, improve your access to data and information, and make every aspect of doing business together simple, fast and intuitive. You have more control. Your policyholders stay happy. Just another way we're strengthening the relationships we share with our partner companies.

The screenshot displays the MBReOnline web application. At the top, the logo 'MBReOnline' is on the left, and user information 'Partner Company Name', 'Joe User', and a 'Logout' link are on the right. A navigation bar contains links for 'Claims', 'Underwriting', 'Engineering', 'Accounting', and 'Resource Library'. The main content area is titled 'SNAPSHOTS' and includes a 'Customize layout' dropdown. It features two side-by-side panels: 'CLAIMS' and 'UNDERWRITING'. Each panel shows a table of recent activity with columns for 'Insured Name' and 'Policy Number'. The 'CLAIMS' panel lists five entries, and the 'UNDERWRITING' panel lists five entries. Below each table are buttons for 'SUBMIT A CLAIM', 'CHECK/UPDATE CLAIM', 'REQUEST A QUOTE', and 'CHECK/UPDATE QUOTE'. On the right side of the interface, there is a user profile for 'Mark Smith', an 'Assistant Reinsurance Manager', with contact information and a 'Contact Mark' link. Below the profile is a 'Service team / Contact us' button and a section titled 'LEARN MORE & CONNECT' with links to 'Gears in Motion', 'FM Global Resources', and 'FM Global NatHaz Toolkit', accompanied by social media icons for Twitter and LinkedIn. At the bottom, a 'RESOURCES' section is partially visible, showing a 'RESOURCE LIBRARY' link and a gear icon.

PARTNERSHIP

IS CUSTOMIZATION WHEN YOU NEED IT

We have the equipment breakdown experience and capabilities to easily handle the demands of large, complex organizations. But we don't believe in a one-size-fits-all approach to claims. Flexibility is critical. Everything works better when it fits right. Partnership keeps us closely attuned to the industry and enables us to deliver innovative coverage solutions when and where they're needed. More importantly, it means we're always willing to listen, adapt and respond with the products and services that fit the way you do business.

PARTNERSHIP

DELIVERS A WORLD OF RESOURCES

When you partner with Mutual Boiler Re, you get more than our expertise in equipment breakdown reinsurance. We're also a member of the FM Global Group, with access to FM Global's extensive resources, engineering and understanding of property loss prevention. That means we can provide our partner companies and your policyholders with remarkable responsiveness, stable underwriting capacity, immediate support in the event of property loss, as well as access to vast capabilities for mitigating risk and preventing loss from happening in the first place.

Mutual Boiler Re[®]

We have built our business around the concept of partnership because it's a better way to do business.
